Are you ready for a new school year? In our two-part back-to-school e-newsletter, you'll find the information you need to start off on the right foot this September.

Teaching the Teachers "Parents cannot single-handedly change American perceptions of adoption. But we can show our own communities that adoption works!"

Becoming an Advocate at School "There are many ways to help children, adopted or not, feel that adoption is a great way to build a family. It often begins with parents as advocates."

Is Your Child Ready for School? "She has her backpack, pencils, and notebook. But does she know how to field adoption questions that might come her way?"

A Letter to Your Child's Teacher

Write a letter to your child's teacher to introduce your child and give the teacher ready responses to common questions about adoption. It's a great way to ease the back-to-school transition.
